

## Rhythm World 32 July 8 – 24, 2022 Tap Scholar Application

Welcome to Chicago Human Rhythm Project's Tap Scholar Program. This year, we will award up to \$15,000 in scholarships. Since the Tap Scholar program began in 1995, CHRP has given more than \$350,000 in tuition waivers to talented, deserving young dancers to support their dreams and aspirations. Past multi-year, scholarship winners have included Ian Berg, Star Dixon, Nico Rubio, Jumaane Taylor, and many other leading lights in the tap community.

Scholarships are awarded to students based on financial need, talent, skill, attitude, and artistic merit. The Tap Scholar program brings together students from different socio-economic, geographic, ethnic, and experiential backgrounds in an intense, immersion program that facilitates mutual appreciation and respect. Tap Scholar Award recipients will have an opportunity to study with many of the greatest living masters of American tap and percussive dance and meet peers from around the world. The Tap Scholar Program runs concurrently with RHYTHM WORLD, July 8 - 24, 2022 and includes master classes, courses, Choreographic Residency, and the American Tap Conservatory .
