Dear Bam,

Thank you for coming to our school. I really liked when we did the call and response part. After it sounded really good. I also liked your tap dancing. It sounded really cool at the beginning. After watching you tap dance, it made me want to tap dance. My favorite part was when you did the shiwa sham because it sounded the best.

Sincerely,

Mark

Dear Bam,

I really loved the performance I really thought tap dancing was not very interesting, until I saw you guys your moves at first I could not see how you could make all that tapping with your feet that fast until the person in front of me moved and I saw your moves clearly I thought it was amazing maybe I can get the music teacher to put tap moves in our Spring Sing, Broadway Beat. I never knew tap came from Africa I knew it also came from Ireland but not Africa then again I'm not the best at geography I'll study more then, maybe I can learn more history about tap! I really liked your energy, like a full band swing that way. Thanks!

Thanks for coming,
Nikki

P.S. Did I get your name right?

Dear Barn,

Thank you for the tap dance show. I thought it was really cool because how fast you can move your feet. My sister does tap dancing and I think someday she'll be like you guys. What I also think was cool was that from that amount of time you guys put so much scratches on the stage. Also your guys' national anthem was by far the best I've seen in my whole life! I wish you could come back to Wayne Thomas and put on another show for us.

Dear Bam,

I thought that tap dancing was easy to do. but when I saw you guys I knew it wasn't going to be easy. I have also never experienced a tap dancing performance.

I thought that you guys were amazing. I also thought that you guys taught us if we try new things we can succeed at it.

I also thought you guys were very entertaining and funny. I was so excited when I saw you guys come out and dance because when I saw how good you guys were I knew it was going to be a great show. I'm so glad you guys came.

Sincerely,

maile

Dear B.A.M,

Thank you for performing at our school. I really liked your performance. I liked the song "glorious." I can't believe you have been tap-dancing for over 10 years. I might ask my mom if I can learn how to tap dance. I think it's awesome that tap dancing has an anthem like most other things. When I get home I am going to check when your next performance is in the Chicago area. I also learned many things today. One I didn't know Ireland and Africa. I thought it was Canadian. Thank you again.

Dear Bam,

I like you guys because
the taping was fun. When the
two guys were taping.

I like all the solos.

I like the music. When
the gave the test it
was hard. I was amazed
when the guy in the
dark blue shirt and the outfit
hard did the flips. The
show was great.

Dear Bam,

You guys were great! My favorite out of all of your dances was the one where the song was called Glorious. I thought that was awesome. I did not know that you had to put so, so, so much effort into tap dancing. It must of took you guys a long time to master all those dances because they look really difficult to do. Any way I really liked the show, and you guys did really good. Good luck on your next performance. 😊

Dear Bam,

I thought that it was really nice of you to come into our school and present that cool performance. Two things that I thought was very cool was the call and response and the song where the two men did the long solo. I liked the call and response because I thought it sounded really good when we went fast. I also thought the men solo was very interesting because the song was very ~~so~~ long and good.

~~So~~ I liked the show.

Dear BAM,

Thank you for the amazing show!
I really enjoyed it. I have watched
tap dancing on TV before. It was awesome
how fast you moved your feet!
I also enjoyed the piano jazz. I have
Duke Ellington on my iPod. My
dad plays that jazz a ton at
my home. In the very beginning,
the first piece, you did amazing.
Thank you again, I really loved

Dear Bam,

Thank you for entertaining me today. I have never tap before and I thought it was awesome. I liked the part when the boys and girls did different parts. Also thank you for teaching me that tap was from Ireland because I did not know that. I thought all your moves were amazing. I also like the Shimsham because it is like the national anthem. I also liked the part when the school got to do the clapping because I thought it was fun. Thank you guys for coming to your school.

Dear Bam,

Thank you so much for coming and performing. It was so cool. The way you moved your feet was phenomenal. I also thought it was cool to make that clicking sound when you tap dance. I also liked it when it looked like you just put 1 foot on the floor once and heard the ~~the~~ clicking sound multiple times. I also enjoyed it when you talked about beat. It was really interesting. I would love to know how to tap dance.

Dear Barn,

I liked the assembly because it is amazing that you can make rhythms that fast. I wonder how you can make those fast rhythms. It was really awesome that you can spin on the floor and get back up and tap. I wonder if it is harder to walk in those shoes than regular shoes. I wonder if the three metal heel shoes sound alot different than the ones that you used.

Dear Barn,

Thank you for coming to our school. I have never experienced watching tap dancing. It is very cool. I couldn't ever imagine doing that. I especially liked when you guys did the final ones. It looked very tricky. I have a friend who used to tap dance. I never saw her perform though. If there could of been a ranking of how challenging, and how good you guys did from 1-10. I would give you guys a 10. Thank you again for coming to our school.

Sam
